PROPRIETARY SCHOOL APPLICATION FOR RECERTIFICATION

INTRODUCTION

Purpose

This application is to be completed only by schools seeking **annual recertification** to operate for **purposes of student recruitment** or related activity within the state of Missouri. All current certificates expire **June 30**, and failure to submit an application for recertification will result in the lapse of certification.

Certification in this category is authorization to maintain a physical presence in the state of Missouri for purposes only of student recruitment and related activity. **Recruit-only certification does not authorize the operation of an instructional facility or the delivery of instructional courses or programs in Missouri.** Physical presence, in the context of recruitment operations, shall mean any address, physical location, electronic device, or telephone number within the boundaries of the state of Missouri from which promotional material is distributed or recruitment effort initiated and/or to which potential or prospective students may inquire or respond. Physical presence does not include advertising through printed or electronic media as long as the initiation for that advertising is not within this state or the advertising does not identify any Missouri presence.

The department must receive your completed application by the deadline of **March 15, 2013. Failure to submit a complete recertification application by March 15, 2013 may result in a late of \$10 per day, exclusive of Saturdays, Sundays and holidays, not to exceed a maximum of \$1,500.** Please submit your packet to the Missouri Department of Higher Education, Proprietary School Certification, P.O. Box 1469, Jefferson City, Missouri 65102. For overnight delivery (FedEx, UPS, etc.), deliver to 205 Jefferson Street, 11th Floor, Jefferson City, Missouri 65101. It is recommended that you send the application materials using a method that provides a return receipt so you can verify timely delivery.

Do **NOT** send your certification fee with this application. We cannot accept the fee before making a determination regarding your eligibility for recertification.

Application Completion Options

The application consists of three sections and the instructions for completion may be found at the beginning of each section. In an effort to simplify and expedite the recertification process, the department has discontinued providing printed application forms and adopted an electronic format for the recertification application. The complete application is available on the Department of Higher Education Internet site (www.dhe.mo.gov) in Adobe Acrobat (PDF) document format or as a Microsoft Word document. Anyone with access to the Internet should be able to use these electronic resources. The PDF version will require Acrobat Reader, available free at <http://get.adobe.com/reader/>. The Microsoft Word version should be accessible using any Word 97 or later release.

There are two options for completing the application.

Option One: You may manually complete the paper application. You can receive a paper copy by downloading either version of the entire application to your computer and printing the document in its entirety. If you are unable to access the application electronically, you can contact the Department of Higher Education and we will send you a printed application packet.

Option Two: You may complete the Microsoft Word version of the application electronically. To complete the form in this manner, you must access the application from our Internet site, complete it electronically (either while connected to our site or by saving a copy to your computer hard drive) and save/print the completed application. All data forms can be

accessed separately from the complete application by clicking the underlined links in this application or by visiting our Internet site.

Submission Procedures

Once you have completed the application, you must print a copy of the entire application, sign and initial all pages requiring original signatures or initials and submit it along with all exhibit materials to the department. Please **submit one** completed copy to the Department of Higher Education and **retain one** completed copy for your records. Do not submit the application by e-mail or other electronic means.

Review Procedures

Care and diligence are required in the preparation of this application. Incoming applications are reviewed for completeness in preparation for an in-depth evaluation. At the time of intake and screening, you will receive acknowledgement that your application was received and *notification concerning its completeness*. If you are notified that your application is incomplete, you must provide the requested information promptly. Detailed review of the application will not proceed until all application materials are complete. Failure to submit the requested information in a timely manner may result in the assessment of a late fee and/or denial of certification to operate.

All complete applications will be comprehensively evaluated after the March 15 deadline. Because of the thorough nature of these reviews and the volume of applications received, completion of the evaluation process requires at least 45 days. You will receive *written notification of the results of the evaluation*. It is imperative that you **respond immediately** if you receive a request for additional information regarding your application. If the department does not receive sufficient information to make a determination on your application, your certification may be delayed past the June 30 deadline.

When you receive confirmation that your institution is eligible for recertification, you will also be notified regarding the payment of the **certification fee** and the submission of verification of an adequate **security deposit**, both of which are required conditions of recertification. Once those items have been received, a **certificate of approval** and an official **program inventory** will be issued.

Information and Assistance

If you have questions or require additional assistance, visit our [Internet](#) site or contact the Proprietary School Certification Program staff at (573) 751-2361.

INSTRUCTIONS

This section includes information regarding the school's physical location(s), ownership, control, and accreditation, as well as five data collection reports (Program Inventory; Personnel; Finance; Report of Tuition and Fees of Missouri Recruited Students; and Enrollment, Graduation, and Employment of Students Recruited from Missouri). The information collected in this section pertains to the school's eligibility for recertification and about its students.

The Department of Higher Education is responsible for compiling, analyzing, publishing and distributing descriptive information about the proprietary school sector. The data reported in this section may be aggregated and reported by the department.

Location, Ownership, Control and Accreditation:

The information provided identifies the official name, physical location(s), mailing address, telephone and facsimile numbers, and the web address of the school. Additionally, it establishes the type of ownership and control of the institution and the status of the institution with any accrediting or approving agencies.

Finally, this section provides information regarding branch campuses and/or extension sites that the institution may have. Certification for purposes of student recruitment is extended to verified branch campuses of the certified school. A **branch campus** is defined as a geographically separate and permanent instructional facility, which is derived from and controlled by its main campus. In order to be included within the main campus certificate of approval, verification of the branch's status with the school's native state and/or accrediting commission is required. An **extension site** is defined as any geographically separate and either temporary or permanent instructional facility located within reasonable geographic proximity to a main or branch campus, which is entirely auxiliary to and operated by a main or branch campus. An extension site does not provide distinct programs, employ significant administrative personnel, or maintain its own institutional or student records.

- *Please note that if there are any changes to the institutional information provided in this section during the recertification year, you must notify the Department at least thirty days prior to the effective date of that change. For more information, visit our [website](#).*

This item requests information about the inventory of instructional programs to be offered by the school during the 2013-2014 certification year for which Missouri students will be recruited. This application item establishes the programmatic scope of the school's certificate of approval and must **accurately** and **completely** report each instructional program to be offered by the school. This application item is one of the most **crucial** and requires extreme diligence in its completion. A program or program of instruction is defined as a complete academic or vocational education offering which fulfills the requirements for the awarding of a certificate or degree. A program may consist of one or multiple courses, and shall, upon satisfactory completion, fulfill an academic, occupational, or other training objective.

Item 43 must include, for each **currently approved** instructional program offered:

- Tuition, fees, and other costs of enrolling in and completing the program.
- The exact designation of the award granted upon satisfactory completion of the program.

The inventory provided with this application will be compared to the school's currently approved program inventory to identify any variations. It will also be used as a basis for evaluating the disclosure of programmatic information in advertising and publications and for the department's profile of the institution that is available to the public.

- *Please note that any substantial changes to the programmatic offerings of the school, including the initiation of new programs, must be approved by the Department before implementation. **The addition of new programs or substantive program changes should not be a part of the recertification process. The department expects schools to follow the procedures on the [website](#) for the initiation of all new programs and substantive changes.***

PERSONNEL DATA AND LISTING INSTRUCTIONS

The information provided on this form verifies the institution employs adequate administrative and support staff and a sufficient number of qualified instructors.

All schools must complete Item 44. This form reports the number of administrative and instructional staff for each location of the school, whether or not they are full-time or part-time, and identifies recruitment agents assigned to work in the state.

Report the **number** of administrative and instructional staff employed in each category (full-time or part-time) for each (main or branch campus) location of the school. The form requests the campus DHE identification number to determine the staff location. That number is found in the lower right corner of the certificate of approval.

Please note that while it is possible for a school to employ one person as both an administrator and an instructor, it is not appropriate to list that person as full-time in both categories.

The bottom of this form contains information regarding the name, title, address and telephone number of each agent working in Missouri. Additionally, if the school maintains an office from which recruitment occurs, provide all address information.

Duplicate as necessary to provide information for each main and branch campus for which recruiting activities will occur.

- *All schools must provide additional information about school personnel as part of **Exhibit Four**, Personnel Information. Please review the instructions for that section of the application.*

FINANCIAL STATEMENT

INSTRUCTIONS

The income and expenditure data submitted in this section provide a basis for determining the school's compliance with the standards requiring a sound and adequate financial structure supporting continued operation of the school. This section of the application includes a financial statement showing major categories of income and expenditure for the last completed school fiscal year, and reports the certification fee and security deposit requirements that are based on that financial information. As a financial report for all school-related activities, a single financial statement should be submitted that includes information for all campuses and instructional locations of the school identified in Items 37 and 38. Completion of the included financial statement is a required part of the school application for recertification to operate. Other financial statements may be attached to the application as Exhibit Five but *may not be substituted* in lieu of this statement.

Name of School: Official name of the school as shown on the application.

School ID: Enter the DHE identification number from last year's certificate to operate (located in the lower right corner.)

Item 45: Enter the 12-month period for which data are reported, as determined by the school. The time period for this report should be the most recent fiscal year for which financial information is available.

Signature of School Owner or Chief Administrative Officer: This line **must** include an **original signature** of one of the indicated school officers.

- *The information contained in the financial statement establishes the amount of the certification fee (Item 54) and the security deposit requirement (Item 55). The formula for calculating the amount of each is described in the related application item. Do **NOT** submit the certification fee or the security deposit with this application. Information concerning the submission of those items will be provided after the application has been reviewed and approved.*

The security deposit, as required by law, must cover any and all Missouri locations and all agents of the school and must remain in place continuously in order for the school to maintain its certificate of approval. Compliance must be by a performance surety bond, irrevocable letter of credit, or cash bond secured by a certificate of deposit.

- *Because this form requires an original signature, a signed hard copy of this form must be submitted with the application.*

This form is available separately from the complete application. If another copy of the financial statement form is necessary, click [here](#) to access as needed.

PERSONNEL INFORMATION

Administrative Personnel

Included as part of this exhibit is a blank administrative personnel form, which includes two personnel information records. Please complete a record for each of the school's principal administrative personnel. The form may be duplicated as necessary to provide sufficient forms to list all pertinent administrative personnel. **All schools must provide this information.**

- ◆ Please indicate the primary location (main or branch campus) to which each person is assigned or at which he or she performs their administrative duties. This identification number is located in the lower right corner of the certificate of approval.
- ◆ Check all of the administrative functions that apply for each person. At a minimum, at least one individual should be designated for each of the listed categories. If duties are shared by multiple individuals, please check only for the person with primary or lead responsibility for that function. Check "Other Administrative Duties" for individuals with secondary responsibilities or for those with responsibilities not listed.
- ◆ Only one person should be designated to receive the application for recertification and one to receive the certificate of approval. One person may be designated for both but only one person for each of these items is acceptable.

Instructional Personnel

Included as part of this exhibit is a blank instructional personnel form. List all current instructional personnel on this form. Under the category "course taught," please list the courses for which this person has instructional responsibility. If the school's programs do not use a course structure, please indicate the skill or competency area for which this person has instructional responsibility or the program for which this person will be the lead or primary instructor. Additionally, please indicate if this person was hired since last year's recertification application. Résumé information must be included in this exhibit for all individuals identified as new personnel. At the top of the form, please indicate at which location (main or branch) the staff is located.
